WHY WAIT UNTIL SPRING? ENJOY THESE LOVELY BLOSSOMS IN YOUR GARDEN FROM AUGUST UNTIL HEAVY KILLING FROST IN NOVEMBER

Plant in little groups in perennial border, the rockery, at the base of evergreens, in shade under trees, along woodland paths or, large groups in the grass. These bulbs are fine too, for naturalizing. With a little fertilizer each season, they will respond by increased production of lovely blossoms, Fall after Fall. Height 5 inches. **The low price at which we can now offer these bulbs—allows planting in quantity.** Full planting and cultural instructions with each order. For other garden specials see our new 1949 fall edition of "Beauty from Bulbs" recently mailed to you.
